

1-14-14

Dear Michelle, Dave, Dave,
and everyone else.

Oh me ... It has been a
very cold winter

Fortunately, we had all of
our windows replaced by L.A.W.
On those coldest days and

evenings we would look at the
windows, then each other, and
just smile with relief.

Thank you for helping us
to get through this winter
"snuggled as a bug in a rug."

Best regards,

Tom & Donna
